Students can: text us an image of their assignment, work real-time on an online whiteboard, or share an essay digitally

Parents/Guardians can: Enroll their students in weekly tutoring sessions

Hotline tutors provided 9,393 FREE tutoring sessions during the 2020-21 school year. Our goal for 2021-22 is to increase that by at least 5%. We can't do that without your help.

Whether students call for a simple homework check or need extra support to master difficult concepts, **Hotline tutors are ready to work with your students today!** We can also provide you, or your team, with the number of students who have called, their grade levels, or the subjects with which they needed the most help.

Thank you for spreading the word about Homework Hotline. Please let me know if you have any thoughts on how Hotline can better serve your students.

I look forward to working with you this year, and beyond!

Madeline
